Catering

As we hope you have all now experienced, Peter, our head chef and Danny, our sous chef, are working well together providing members and guests with great quality food.

Whether it's a casual snack you fancy or an informal lunch or supper with a few friends, our catering team are available to prepare food for you seven days a week.

Please discuss, in advance, with the team any special menu you would like for a private luncheon or dinner party at the club.

Private dinner parties for up to 25 members and guests can be booked in the Dining Lounge through the Clubhouse Manager.

Larger parties can be accommodated in the main Dining Room.

If you require food outside the clubs' designated opening times, please speak to Ben at the earliest opportunity, and he will do his best to accommodate you.

Watch this space for further catering developments, including a 'Gourmet Evening' and regular 'a-la-carte' Friday evenings throughout the Autumn and Winter.
